Stunning Successes In Huge

BERLIN, June 27.—Incredible as it may seem, qualified German military quarters declared today that Chancellor Hitler's armies already are victors over the bulk of Russia's military forces.

After only five days of blitz attacks on a scale so massive that it "staggered the human imagination," these authorities said, the military fact is that Soviet Russia "basically has been beaten."

They asserted that the "fatal decision" fell on the main battle field of the eastern front and that the war "can be regarded as won" as a result of the blows already dealt the Soviets.

**Air Supremacy**  
An official announcement said German air supremacy on the eastern front had been demonstrated by the fact that only a few Soviet planes, flying singly, penetrated East Prussia and the eastern part of Poland.

The statement said these planes, flying at tremendous altitudes, were driven off immediately by German fighters and were unable to drop their bombs.

German authorities explained that

Forty policemen in Cleveland started handing out tags to jaywalkers in that city yesterday. Eight thousand cards were handed out during the day. The cards are a warning to pedestrians, in an effort to discourage careless walking on the streets of the city.

Travelling highway 224 west from New Castle through Hillsville one is almost convinced of the fact that this route is a through freight line. Scores of huge trucks make use of this highway most every hour, it seems.

### Russian Campaign Develops Surprise Factor For Germans

International News Service Staff

BERLIN, June 27.—The German high command today announced discovery of Soviet troop concentrations designed for an invasion of central Europe which presumably have introduced a surprise factor into the Russian campaign.

Up until this afternoon, the high command insisted that all operations were proceeding according to plan.

### Soviet Planes Bomb Finland

Helsinki Report Says Thir-  
teen Different Raids Are  
Made On Turku

By TOIVO VITIKKI  
International News Service Staff

HELSINKI, June 27.—A pall of smoke from the flaming wreckage left by 13 separate air raids on the Finnish city of Turku (Abo) drifted skyward today as Finland formally took up arms with Germany against Russia.

One hundred Soviet planes based on the seized island of Hangö bombed Turku incessantly yesterday, causing tremendous damage.

But Finns in the stricken city vowed vengeance as they heard their president, Risto Ryti, in a nation-wide radio broadcast call upon the people to take up once more the battle for liberty from the Russians.

The Finnish radio said that various other Finnish localities had been attacked by Soviet warplanes, and that much damage had been caused in southern Finland and along the southeast coast.

Although President Ryti's address constituted a formal declaration of a defensive war against the Soviets, the Russian minister to Finland still was at Helsinki.

Ryti said Finland again had become the victim of a "brutal attack" and that following outbreak of the Russo-German hostilities the territory of Finland had been violated by the Soviet air force, which had killed peaceful Finnish citizens, including women and children.

### Picket Lines Are Opened By State Troops In Michigan

(International News Service)

MIDLAND, Mich., June 27.—With state troopers clearing the way through an estimated 100 pickets, scores of employees reported for work today at the Dow Chemical company plant, although the United Mine Workers division of the CIO last night ordered a strike.

The Dow plant, employing about 5,000 persons, is reputedly the largest single chemical plant in the world and according to its officers is engaged "95 per cent" on national defense work.

Kempton Williams, international representative of the UMW, announced last night that a strike had been ordered because two union workers had been laid off.

### Beamish Quits Bar Association

(International News Service)

HARRISBURG, June 27.—Public Utility Commissioner Richard J. Beamish resigned from the Pennsylvania Bar association today in protest against what he termed Dauphin County Judge William M. Hargest's "violent and partisan attack" on federal and state administrative agencies.

Judge Hargest told fellow members of the association in annual convention at Bedford Springs Wednesday that administrative agencies have multiplied 700 times faster than the population in this country in the past 140 years, and described the Pennsylvania situation as "little better." He is head of the bar group and president judge of Dauphin county court.

But although it said that "big decisions" had been achieved on all sectors of the far-flung battle line, today's communique strongly indicated that the German army was surprised by the number of Soviet soldiers found at places on the frontier where advances should have been unimpeded.

Military headquarters confined itself to a brief description of fighting on the eastern front, but official observers in Berlin boasted that

### Hungary Joins War On Russia

(BULLETIN)  
(International News Service)

BUDAPEST, June 27.—Because of repeated air raids on Hungarian territory by Russian bombers, Hungary declared that a state of war exists between herself and the Soviet Union.

The announcement of the declaration of hostilities was made at 10 a. m. It branded the Soviet air attacks against Hungarian soil yesterday a violation of international law.

A spokesman asserted the war declaration was Hungary's reply to Russia's "barbarian provocations" and added that Hungary thus joins the European front fighting Bolshevism.

The Hungarian foreign office announced that the "government will take all measures necessitated by the situation."

CAMP SHELBY, Miss., June 26.—Capt. George F. Mitchell of Battery F, 190th Field Artillery, who for the past three months has been attending field artillery officers' school at Fort Sill, Oklahoma, stopped off here today for a brief visit with his battery while en route to New Castle.

As a respite from the intensified activity while at Fort Sill, Captain Mitchell will enjoy a furlough at home before returning to his command here at Shelby. During his absence, Lieut. Edward Eakin has been the battery commander.

While at Fort Sill, Captain Mitchell had the pleasure of having his regimental commander, Col. Samuel B. Wolfe, join him there to participate in the advanced field artillery courses.

The Bombay observatory recorded a similar quake.

### Report Another Raid On Helsinki

(International News Service)

VICHY, June 27.—The Vichy news agency today reported another Soviet air raid on Helsinki—the 14th in the space of a few hours.

At the same time, the service said, German planes "operating from the north" renewed their attacks on Leningrad and Kronstadt.

Two German mechanized columns, one from Vilna and the other from Baranovich, the service said, now are "near Minsk."

HELL'S CORNER, Eng-

250 and 400 planes, the  
Royal Air Force stepped up  
its rapidly widening offensive  
against Nazi Germany today.

In the face of a strong

across the English Channel  
during the daylight hours.  
Observers along the Kent

**New Peak Of Fury**  
It was almost on the same scale

F. is developing to a new peak of  
fury today.

Now that the R. A. F. offensive is  
in progress, people flock to the  
cliffs when the steady drone of mo-

HARRISBURG, June 27.—Gov.  
Arthur H. James today stood on the

Democratic leaders of the legislature  
arrived at an understanding with  
the Republican chief executive  
which will permit final adjourn-

### To All Who Made Flag Day In New Castle June 14, 1941, A Demonstration Emphasizing The Necessity For National Unity Of All Groups And Classes.

Because of other engagements following my visit to New Castle recently to take part in your celebration of the birthday of "Old Glory," it was not possible to send this note of congratulation earlier. It was a practical exemplification of what our nation needs to preserve our American institutions, and perpetuate them for future generations. The marching together of all classes, all groups, all races, colors and creeds, typified what our American flag means and is. All of us, black and white, rich and poor, native and foreign born, Jew and Gentile, Roman Catholic, Protestant, Every shade of religious belief. Every one, all within our nation of which each of us is a part with definite responsibility to preserve it, and better it, for the generations to follow. An example which all groups should follow was given by the fine float of those who came from Italy. They designated it as "American-Italian Societies." Not "Italian-American Societies." So many groups forget that when they become American citizens, their oath of allegiance makes automatically their native land secondary. For it is not the American who becomes Italian—but the Italian who becomes American. Other groups would do well if they changed their designated titles. Really if we are to retain and preserve national unity, all of us should be truly American—one—just as we have. No room here for any flag but "Old Glory." New Castle proved on Flag Day that "What we are our flag is or will be."

### Selectees To Leave Saturday

June Draft Call Will Find  
128 Leaving From Law-  
rence County

LARGEST NUMBER  
CALLED TO DATE

Lawrence county's population will be considerably depleted on Saturday morning, when 128 youths from various sections of the county will answer the call to the colors, and will leave for Camp Meade, Md., to be inducted into the service.

Men from City Boards One and Two, and County Board Two, will leave on the B. and O. at 7:30 o'clock from the Seventh Ward station, a total of 88 men being in the group from these three boards.

County Board One, which has the largest group, 40 in number, will send its men from Ellwood City, via the P. and L. E. railroad, at 5:45 o'clock. All will go direct to Camp Meade, their coaches being routed right into camp.

It is expected that a large number of people will be on hand to see the boys off, including many relatives and friends of the selectees.

This is the largest call issued in any one month since the men began to be inducted last fall.

### Irish Republic Must Show Desire To Resist Nazis

Assurances Must Be Given To  
Secure Arms Shipments  
President Declares

HYDE PARK, N. Y., June 27.—U. S. arms shipments to the Irish Republic, President Roosevelt declared today, would have to be contingent on fairly definite assurances that Eire is prepared to defend herself against German attack.

To date, the president told reporters, Eire has failed to give such assurances.

Mr. Roosevelt disclosed that he was considering the possibility of supplying the Irish Republic with rifles.

He promptly added, however, that it would be impossible to send along the ammunition for these rifles—because the U. S. defense program is way behind on production of ammunition for domestic needs.

### Sixteenth Consecutive Air Raid On Germany

(BULLETIN)  
(International News Service)

LONDON, June 27.—Attacking for the 16th consecutive time, British bombers heavily raided the Nazi cities of Cologne and Düsseldorf and the German naval base at Kiel last night and early today.

These centers were declared to have been the chief objectives of widespread R. A. F. night attacks which covered wide areas of western and northern Germany.

Meanwhile, the air ministry announced, a few German planes attacked Britain during the night, dropping bombs on East Anglia and southeastern England, but causing no serious damage and no casualties.

London experienced its 574th air raid alarm of the war early this morning but there were no incidents in the city.

The aviation correspondents of the British Press Association, commenting on the continuous British air raids on Kiel, said it was believed that a German pocket battleship struck by a torpedo from a British plane on the night of June 12 had taken refuge there.

British bombers have now raided Kiel five times since that night.

The Daily Express identified the German battleship as the Luetzow.

MOSCOW, June 27.—Heavy fighting raged throughout the night along the White Russian frontier near the vital railway junction of Minsk and in the Bessarabian sector, the Soviet Bureau of Information announced in its first daytime communique today.

While parachute troops—a Soviet invention—were dropped continually inside the Russian lines by the German army, infantry, tank and air force detachments exchanged staggering blows on these two main sectors of the front.

In an effort to blast a way into Minsk and beyond, the German air force attacked Borisov, Bobruisk and Mogilov, which lie respectively north-east, southeast and east in a fan from the White Russian capital.

### Krug Promoted To Second Lieutenant

New Castle Battery Man Wins  
Commission At Camp  
Shelby, Miss.

By JOHN BALL  
Special Correspondent

CAMP SHELBY, Miss., June 24.—As the first New Castle man to win his bars since the locating of the local units, Battery F and the Second Battalion Service Battery, here at Shelby, Sergt. James M. Krug of Battery F acquired that distinction today when he received his commission into the United States Army as a second lieutenant.

The event took place late this afternoon on the regimental parade grounds at the "Retreat" formation and witnessed by the entire assembly of the regiment, Lieut.-Col. John T. Bell of Punxsutawney, currently commanding the 190th, conferred the honors in the absence of Col. Samuel B. Wolfe, who is on a tour of duty at Fort Sill, Okla.

Lieutenant Krug's rise from the ranks of the enlisted personnel has been rapid due to his versatile soldiering ability, having enlisted with Battery F at the Cunningham armory at New Castle, October 1, 1940.

Lieutenant Krug immediately was assigned to a vacancy on the staff of his old battery where he served as an enlisted man. He will probably be designated as reconnaissance officer for this New Castle unit which is one of the leading firing batteries of this "big gun" regiment.

British Minister Condemns Sweden's Permission To Move Nazi Troops

GRAVELY CONCERNED ON FI, S'S FATE

By EARL REEVES  
International News Service Staff Correspondent

LONDON, June 27.—Britain sternly warned both Finland and Sweden today against lining up with Germany against Soviet Russia.

London authorities declared the Finnish and Swedish governments may find themselves dissociated from the democracies unless they "change their political attitude".

Editors' Note: At the outbreak of Russo-German hostilities British Prime Minister Winston Churchill announced Brit. in would give the Soviets all possible aid and asked other nations to follow a similar course.

At Stockholm the British minister to Sweden strongly condemned the action of the Swedish government in granting permission for transit of a German troop division across Swedish territory en route to Finland.

At the same time the British government was gravely concerned regarding the ultimate fate of Finland as a result of President Risto Rytta's radio address, calling upon the people to wage a defensive war of liberation against Russia.

No official notification of Finland's attitude, however, has been received in London.

## Funeral Directors Convention Closes

Many From New Castle And Vicinity Attend Sessions At Conneaut Lake

One of the largest conventions in several years was held by the Western Pennsylvania Funeral Directors association at Conneaut hotel, Conneaut Lake, on Tuesday, Wednesday and Thursday, June 24, 25 and 26.

Approximately 500 were in attendance at the banquet held Wednesday evening.

New officers for 1941 are: President, Van Miller, Fredonia; vice president, Frank Hornestein, Ambler; secretary-treasurer, Donald Sample, Sharon.

Among people attending from this city were Mr. and Mrs. R. L. Boyd, Joseph Noga and son, John; Mr. and Mrs. Ray Cunningham, A. Darrell Burke and daughter, Carole Mae; Joseph B. Leyde, Howard L. Reynolds, Frank Offutt, Ralph Cunningham of Leesburg and Russell McClelland of Harlansburg.

Bert Stevenson of 906 North Mercer street was a guest at the convention of Fred C. Wolford, chairman of the registration committee.

## RUSSIAN CAMPAIGN DEVELOPS SURPRISE FACTOR FOR GERMANS

Reichsfuehrer Adolf Hitler's forces already are victors over the bulk of the gigantic red army.

Communique Issued

The communique said: "The first five days of operations in the east furnished proof that the Soviet Russian armies have been ready to attack central Europe."

"In the bend of the border jutting forth toward the west around Lemberg (Lwow) and Bialystok, which from the very outset was exposed to German outflanking and thus unsuitable for purely defensive purposes, our troops encountered masses of Russian troops ready for attack."

"Thus already in the first frontier battles, clashes occurred with the Soviet army and air force."

"Our troops, which were victorious on all former fronts, obtained big decisions which will be made known shortly."

Apparent Surprise

Editor's Note: The apparent surprise of the German high command regarding the extent of war preparations made by Soviet Russia recalled an exclusive International News Service dispatch from Bern, Switzerland, yesterday. Written by a correspondent who had just left Russia, the dispatch revealed that as long ago as May 6 Josef Stalin became reconciled to the inevitability of war with Germany and began making full preparations to "fight to the death."

Dealing with operations in other theatres, the communique said that heavy German bombing raids were carried out against British shipping and various harbors as well as port facilities in the Thames estuary.

Mine-laying in British ports was continued, while a long-range naval battery shelled British ships in the English channel. Attempts by British bombers and pursuit planes to attack the channel coast were repulsed.

Yesterday was really a hot one, a heat wave which has been rolling eastward from the plains states, finally arriving in this district. The mercury rose to 94 degrees yesterday afternoon, the hottest of the year so far, and only six or seven degrees under highest point it ever gets in this section of the country. There was a fair breeze stirring yesterday, which relieved the sweltering public to some extent.

One bystander remarked that he might be in training for a job in the navy.

## NAZI FORCES ARE ALREADY VICTORS BERLIN ASSERTS

(Continued From Page One)

The Russian high command made a "fatal error" by massing two-thirds of the Red Army on the battle front in question.

There, they said, the Soviet forces in five days of fighting suffered such cyclonic blows from the air and land forces of the Reich "that neither the vast steppes of Russia nor the magic of Stalin can rescue them from their precarious position and eventual annihilation."

Make Huge Claims

These military claims of a stunning success over the huge forces of the Soviets were accompanied by an official announcement that the German Luftwaffe is relentlessly continuing its "annihilation" of the Red air force.

German planes were said to have destroyed a large number of planes on the ground and to have shot down numerous others in air duels.

Other German air units, the announcement stated, assisted German ground troops in attacks against Soviet tank formations and concentrations of motorized Red army forces.

Editor's Note: A Vichy dispatch to the Reuters News Agency, based on a Stockholm report, said German forces were reported to have captured Riga, Latvia, yesterday.

Leningrad Raided

The Exchange Telegraph agency quoted the Swiss radio as stating that the Russian city of Leningrad had been raided again, pointing out that it was a Soviet armaments center.

\*\*\*

All the power and mobility of the German blitz troops is now being thrown into the scales to prevent any Russian retreat or escape into the Soviet hinterland, authorities declared.

Responsible German officials said the Red soldiers are fighting "fanatically" everywhere but that their efforts are in vain.

As a result, it was stated, the number of Russian dead greatly exceeds the number of prisoners taken, since the Soviet soldiers prefer death to capture.

Indications in Berlin are that the Russian fiasco is so extensive that it can be compared to the total annihilation Hannibal inflicted on the Romans at Cannae a thousand years ago.

Expect Official Statements

It is now expected the first series of specific high command announcements will be issued this afternoon.

Meanwhile, it is permissible to reveal that huge bodies of Red army troops have been cut off from contact with the Soviet military headquarters and are withdrawing in what the Germans describe as haphazard fashion.

Gigantic pinchers were declared to be closing about them like huge traps.

The silence of the German high command so far was attributed largely to the fact that these pinchers are extending beyond and around the flanks of such large Red units that it "takes time to snap them shut."

But available reports show that the Soviet forces, particularly on the southern sectors of the 2,000-mile front, are putting up strong resistance although the Germans state that nowhere are they a match for the Nazi forces.

German quarters said evidence was piling up that the Moscow political commissars with the Red army while fanatically exhorting the men to die fighting, are proving a handicap and a brake upon the efforts of the Soviet military leaders.

HUGE SQUADRONS OF PLANES JOIN RAIDS ON NAZIS

(Continued From Page One)

It was obvious that the R. A. F. is using equipment superior to the planes it possessed last September when Prime Minister Winston Churchill's "so few"—the fighting pilots of the R. A. F.—saved England.

The victorious tradition of these few is being maintained now by an increased brotherhood of British airmen. The Germans in the past six days have lost 166 planes.

The R. A. F. has lost but 19 aircraft.

And he went back to the registration desk and had the bellhop return his bags to his room. He had been checking out to go to San Antonio—apparently things were all a little hazy.

## Deaths of the Day

Morris L. Cukerbaum

Morris L. Cukerbaum, 66, of Pittsburgh, formerly a prominent business man of New Castle, died Thursday afternoon, June 26, at 2:30 o'clock in the Jameson Memorial hospital following an illness of two days. On Tuesday, Mr. Cukerbaum came to New Castle for treatment. On Thursday afternoon he was stricken with a heart attack and died within a short time.

Mr. Cukerbaum came to New Castle shortly after the turn of the century and established himself in the men's clothing business on Long avenue. About 1903 he moved his business house to East Washington street where he continued until 1916. In that year he left New Castle for Pittsburgh where he went into the wholesale hat and cap business. At the time of his death he was the owner of the Majestic Hat and Cap company.

During his residence in New Castle Mr. Cukerbaum was active civically, fraternally and politically. He served two terms in the old Select Council and was the president of the council at one time. He was a man of intense loyalties. Morris L. Cukerbaum never deserted a friend.

He is survived by two daughters, Mrs. Jack Gordon of St. Louis, Mo., and Mrs. Henry Hyman of Pittsburgh, and a son, Bernard Cukerbaum of the United States Army, Camp Dix, N. J. He is also survived by two brothers, Norman Cukerbaum of Youngstown, O., and Harry Cukerbaum of New Castle, and two sisters of Odessa, Russia. His wife preceded him in death about 15 years ago.

Funeral services will be held Sunday afternoon, June 29, from the Ralph Schugar funeral home of Pittsburgh at 1 p. m., with interment in the B'nai Israel cemetery, Pittsburgh.

Elizabeth Ann Oprean

Complications following a three months illness of influenza resulted in the death of Elizabeth Ann Oprean, aged 22, who passed away Thursday evening at 11 o'clock at her home, 514 Electric street.

Born in New Castle on March 23, 1919, daughter of John and Pauline Oprean, she had lived in this city all her life.

Surviving are her parents; one sister, Victoria, and one brother, George, both at home.

Funeral services will be conducted Sunday afternoon at 2:30 o'clock from the residence with Rev. Moldovan of Farrell in charge. Interment will be in Greenwood cemetery.

Mrs. Ezio Funeral

Requiem high mass for Mrs. John Ezio, 206 South Lafayette street, was celebrated Thursday morning at 9:30 o'clock from St. Lucy's church with Rev. Fr. Sebastian Ippolito as celebrant.

Palbearers were Mrs. Pasqualino Zumpella, Mrs. Mario Ezio, Mrs. Mario Russo, Mrs. Anna Russo, Mrs. Angela Perrotta and Mrs. Ernestina Peluso.

Interment was in St. Lucy's cemetery.

Members of the Ladies Holy Rosary society attended services in a body.

Mrs. Wilson Funeral

Funeral services for Mrs. Tillie Anderson Wilson, New Galilee, were held from the home of her daughter, Mrs. W. R. Gealy, in that community Wednesday evening at 8 o'clock.

Rev. W. W. Willis, pastor of the New Galilee U. P. church, officiated. Thursday morning at 11 o'clock, interment was made in Allegheny Memorial cemetery.

Palbearers were Hartford Bailey, Ira Cole, Howard Anderson, Jr., Thomas Dickson, William Gerwig and Clifford Anderson.

Mrs. John F. Pearson

Mrs. John F. Pearson, mother of the Rev. Philip C. Pearson, rector of Trinity church, this city, until last month, passed away in West Sunbury Mass., on Thursday morning, June 26. She was 89 years of age.

Funeral services will be held in All Saints' church, West Newbury, on Saturday.

GRANT CITY

Mr. and Mrs. Henry Crisher and three children of Wheeling, W. Va., spent a few days recently at the home of Mr. Crisher's mother, Mrs. John Minter.

Mrs. Dixon, Mr. and Mrs. Geddes and children of Cortland, O., visited recently at the home of Mr. and Mrs. B. C. Miller. Mrs. Dixon is spending a few weeks here.

Recent visitors at the J. G. Dean home were Mr. and Mrs. Henry Endler and son, Henry. Miss Davis of Pittsburgh, Mrs. Mae Book, Norman Dean of West Sunbury, Bernice Dean, Mr. and Mrs. William Miller of New Castle and Bessie Wilmer.

## POSING A BUSINESS PROBLEM

How far should an industry expand in new construction to meet war needs even under the liberal terms of amortization for such growth permitted by the defense laws? How far should an industry devote itself to defense, to the exclusion of its old, regular customers and the rising tide of demand for consumer goods created by defense spending?

The questions arise because of criticism from Washington that some industries are trying to run too much on the basis of "business as usual." Concurrently, there exists a well-founded reluctance to go into too extensive new construction even under the liberal amortization terms allowed by the government.

Of course, the theoretical ideal would be to go on an "all-out" war basis now. Then, as soon as the war is over, turn industry to meeting the accumulated demand for housing, furnishing, and all kinds of consumption goods. But anyone who stops to think that all goods wear out and that the nation's population is being dislocated geographically, as well as economically, will realize how impossible this idea is.

The root of the problem lies in what is going to happen at the end of and after this war. The dislocation then may be as bad as that which led into the 1929 crash. It would seem that the more the supply of ordinary consumers' goods can be held back without unreasonable hardship, the greater reserve of needs there will be to maintain employment and production when peace comes.

The heads of one company are today holding back on new models in order to provide a nest egg of demand when the adjustment has to be met. Still other industrialists have been exhibiting serious concern because of the probability that competitive products which will be put out during the war period as substitutes for goods using defense material, such as aluminum, will develop an established market.

To do more than state parts of the problem is enough to show that it cannot be met by hasty talking or impetuous thinking.

## FEWER COLLEGE STUDENTS

Pennsylvania colleges and universities, about 70 in number, will register between 10 and 15 per cent fewer students this year than last, according to estimates made by the state public instruction department. There will no doubt be similar declines in enrollment in all the higher institutions of learning throughout the nation, in marked contrast to the congestion of more peaceful years.

Some of these missing students will be in military service. The draft directly affects the colleges, and probably it discourages other young men from starting a college course which the draft will not permit them to finish. But perhaps a greater loss is of older students who abandon further education to enter industry, particularly those trained in technical subjects.

It is likely—rather, a certainty—that many high school graduates choose a job instead of college, since jobs are more plentiful. When opportunities for employment are scarce a boy may be sent to college to keep him out of mischief, or for the extra education which may give him an advantage in seeking work. Now the chance to take a defense industry job at relatively good wages is in serious competition with the collegiate degree.

All this is only a part of the confused collegiate picture. Educators have already been complaining that the war has dislocated their programs and peace of mind, threatening their financial resources, and calling in doubt their curricula. Now a shortage of students is something else to worry about.

## HITLER'S GRIP ON THE SWISS

The question is sometimes asked why Hitler, since he has gone so far afield to invade other countries as well as his inoffensive neighbors, has been letting little Switzerland alone. At the beginning of the war military experts said Switzerland would be a tough nut to crack. That opinion has since been revised in the light of the successive Nazi conquests achieved by a combination of mechanized forces on land and superiority in the air.

Hitler's troops haven't overrun Switzerland because he can gain more by exploiting and swindling the country commercially. Some of our citizens of Swiss birth say their relatives in the old country are on short rations as a result of Germany's enforced barter policy. Large quantities of milk and chocolate and smaller amounts of grain have been shipped out of Switzerland on German promises to send back coal in return. The Swiss are still looking for that coal.

Before this war some of our Latin American neighbors had a similarly sad experience with Nazi traders. So did some of the little European nations that have since been gobbled up by Hitler. Switzerland is at peace today because she is, in effect, paying blackmail to Germany. She is in exactly the same position in which every other peace-loving nation will find itself if Hitler realizes his ambition to dominate the world.

## NATION OF SWIMMERS

Learning to swim is an all-year-round project nowadays, but with special emphasis in the summer. The growth in numbers of swimming pools, indoors and outdoors, has been great in the last decade. The movement to restore rivers and small lakes to their original purity, and to build artificial lakes in regions which formerly lacked them, has been aimed at both conservation and recreation.

There are many organizations, clubs and camps that provide swimming facilities and instructions. Among them all, opportunity is provided for beginners from five years old on up to the 50's and beyond, for swimming is a form of exercise which need not be too strenuous. Taken under proper conditions and in suitable amounts, it is healthful.

Along with swimming goes widespread instruction in life-saving technique. Many young people, who do not expect to become life-guards at beaches or pools, take the life-saving courses and pass the stiff examinations. The result is that drownings do not increase in proportion to the growth in population and number of swimmers.

## The Parent Problem

By Garry C. Myers, Ph. D.

## DON'T PET CHILD AFTER SPANKING.

Assuming that a punishment has been wisely chosen, it brings the best results when it is connected in the child's mind only with his misdeed. Practically all the failures and heartaches incident to punishment come from the fact that punishment is always administered by a person, usually the parent. The child seldom connects it solely with the forbidden act. He nearly always reacts to the feelings of the punisher.

## Try To Be Impersonal

Parents should try to be completely impersonal in punishing a child. Certain things should be forbidden, and the child should be told that if he does them he will not escape the penalty. Then either the father or mother should give him the punishment that they have told him will be the result of his act.

You should not raise your voices, become angry or irritated but should calmly go about the unpleasant task.

## Parents' Behavior Important

Even though it breaks your heart to hear his piteous cries you should not melt at his pleadings and fondle him after his spanking. That would make him believe that you were sorry about having punished him and that you are acknowledging that you were wrong.

So under no conditions pet him. However, do not act as though you were angry with him. Divert his attention to his toys and go about your business as if nothing out of the ordinary had occurred. This will bring an impersonal relationship into punishment.

## Solving Parent Problems

Q. Suppose a child of three while at play alone swears or uses some other naughty word. What would you do?

A. I would ignore it completely. If it persisted after several days, I should explain quietly: "In our home we do not use such words." Then, if after a few weeks he still used these words, I would follow each one I heard with instant physical pain. Of course, it would be stupid for me to punish him, or even rebuke him, if other members of the family used such words in his presence.

## The World and the Mud Puddles

## THEY WORK HARD AT IT

The Germans are very thorough-going in all things. This is to be expected from a people among whom are to be found the world's greatest scientists. Here in the United States we have become very careless and we are not as thorough-going as we should be. We have learned how to make motor vehicles very rapidly; we have outdistanced the world, the Germans included, in the ability to make things fast. Speed, however, is not everything. We should be more exact in our performances.

Today Germans and German sympathizers in this country are very busy. They are not overlooking any bet. They are throwing just as many monkey wrenches as they possibly can into our national defense machinery and are learning all they can about our preparedness for national defense.

The Communication Department of the American Expeditionary Forces overseas in the last war, devised toward the end of the war, a very clever means of sending messages from one part of the field of operations to another. However, they found that the Germans were able to master about any code that they used, whether telegraphic or telephonic. They then found it expedient to use Comanche Indians to do the telephonic work. The Germans were never able to decipher the messages that they put on the wire.

The Army is now training Comanche Indians for the same sort of work, but several months ago a crew of "scientists" visited Oklahoma and worked for a long time recording the various tongues of the Indians of Oklahoma upon transmission machines. Just what was the purpose of these alleged "scientists" has not yet been divulged, if discovered, it is suspected that was just another phase of the manner in which the German Government works. They were not going to be caught napping again. By the study of various Indian tongues, they expected to be able to understand the Indian language. There is ample ground for this suspicion, because today the Army is training another band of Comanche Indians for the signal service at Fort Benning, Georgia, and these "scientists" were particularly interested in recording the Comanche language.

The great question that the American people are asking today is: How long is the Government in Washington going to permit Hitler's organizations working through the German Embassy in Washington and German Consulates all over the country to continue their hostile work, for this Indian language study is only one feature of it?

Hitler's Latest Bewilders Capital  
Russian Attack Doesn't Make Sense  
Helping Russia Would Be Bitter Pill

By CHARLES P. STEWART

Central Press Columnist

WASHINGTON, June 27.—Executive congressional, military, diplomatic, political and miscellaneous expert comment on Hitler's attack on Russia doesn't make much sense. Not yet, anyway. There's a lot of it, but bewilders almost all it expresses.

The situation recalls the ancient story of the young reporter, who, assigned by his editor to telegraph in an account of a nearby calamity, arrived on the scene, took a look, tried to talk with some of the disaster's survivors, found 'em fairly incoherent and hastily wired to headquarters the message, "Everything's confusion. Can send nothing."

Which outfit do we hate worst, the Nazis or the Communists? Perhaps it's a tie. In that case, should we do any less-leaving to either one of 'em? Before we try to answer that question we must take into account the fact that Winston Churchill promises the Russians all the aid Britain can give 'em. It's understandable Winston's thinking of Britain's immediate emergency. It may be a life-saver to John Bull to have the Nazis involved in a terrible jam with the Soviet folk. After all, if Hitler's liked, the British can worry concerning Communism at their leisure. We're pro-British and anti-Nazi. Then why isn't it our cue to follow Britain's policy of helping Moscow against Berlin (Rome isn't much of a consideration)? Yet it can't but give us terrible gripes to help Comrade Stalin.

Furthermore, we already are sending so much to Britain that we've precious little left over to send to Russia. It's suggested that the British might pass along a share of our stuff to the Soviets. Yeah, but that would leave John Bull correspondingly shy. It would appear that it will be up to us to increase our output sufficiently to supply both of 'em. It'll be a large order.

## The Good Will Game

WASHINGTON, June 27.

It is reported that we have overdone the good-neighbor stuff in South and Central America to such an extent that there has been a sharp reaction. United States embassies and legations have strongly urged that the undue number of businessmen, politicians, scientists and celebrities of various kinds who have been going to these neighboring republics as semi-official goodwill ambassadors be curtailed, not to say stopped.

IN particular, it is urged that no more "glamor boys" and movie stars be commissioned by the White House, or anyone else, in this recommendation, it is said, the State Department heartily concurs. As a result it is understood that this Administration policy is in process of abandonment. There still are assorted and well-advertised gentlemen in South America assiduously cultivating "good will" in their ardent amateurish way; but no more will be sent.

THIS puts something of a crimp in the activities of the Co-ordinator of Commercial and Cultural Relations Between North and South America, which is only part of the title conferred upon Mr. Nelson Rockefeller some months ago by the President. Mr. Rockefeller went earnestly to work and has done a very excellent job along the lines he was told to follow. It is not his fault that the ballgame feature has been overplayed. For instance, it was the White House, rather than the Co-ordinator of Commercial and Cultural Relations which, after some-what more than ample advance notices, sent young Mr. Douglas Fairbanks, Jr. down to charm the seniors and senioritas.

AND others of the same type have followed on the same initiative. It, of course, is somewhat humiliating that the ostentatious, effusive and gushing friendship which we have been exuding toward the whole of the southern half of the Western Hemisphere so steadily and so long should meet with so chilling a response. Nevertheless, it will be well worth while if it has the effect of making us face realities and stop being silly about South America. The truth is that there is a great deal that can be done to promote our general relations with South America and, in particular, to increase our mutual interest in resulting in the totalitarian aggressions. But we are not pursuing sound and effective methods to attain these ends.

IN the first place, we assume that there is between us and the South American republics a natural affection and esteem, fundamentally due to the fact that we all live on the same side of the world. That is not so, and every experienced diplomat and observer in North and South America knows it is not so. Nevertheless, on that assumption, for many years we have been greasing the South Americans with good neighbor and good will speeches until they have become absolutely meaningless. State Department representatives in South America have reported before that the people have generally down these speeches, that they were all alike, that the South Americans were not loving us at all.

TRUE, the South American diplomats in Washington and the distinguished delegates to the Pan-American conferences responded in kind, but there was no secret that they snickered about it among themselves and that the periodical outbreaks (Continued On Page Five)

## BIRTHDAYS OF FAMOUS AMERICANS

1696—Sir William Pepperell, soldier at Kittery, Me., then a part of Massachusetts. He became a colonel of militia in 1726 and in 1745 he was commander of the New England force of about 4,000 which, with the assistance of a British squadron, captured the French fortress of Louisbourg. In recognition of this feat he was created a baronet in 1748.

1850—Lafcadio Hearn, author of books about Japan, in Lencadia, one of the Greek Ionian Islands. He went to Japan in 1891, became a teacher of English at the University of Tokyo, married a Japanese woman, became a naturalized Japanese and adopted the Buddhist religion. The originality, power, and literary charm of his books about Japan won him an international reputation.

(Continued From Page Four)

bursts of good-will oratory on both sides evoked more meriment than anything else. Within the last year there has been a great intensification of this "We-love-you-little-brothers" stuff upon the part of the United States. Scores of unofficial promoters of cordiality, with official letters of introduction and a mission of friendship, have been turning around the South American countries, exuding sweetness and light. The magazine *News Week* reports that nearly all these have two ambitions: one is to be officially entertained; the other, to make speeches.

LONG-SUFFERING American diplomats, *News Week* declares, have reported that they now have run completely out of sympathetic or acquiescent audiences for these peripatetic preachers of good will; that they are reduced to drafting American clubs to listen to them; that one enthusiastic gentleman's demand to make a radio address was satisfied by letting him talk into a radio microphone, etc. All this, of course, is discouraging to those who are so earnestly managing the Good Will and Good Neighbor policy from Washington. But, if this policy were but slightly altered so as better to conform with realities, there would be no need for discouragement.

THERE, of course, is every reason for doing all we can do to combat Nazi propaganda in South America and to promote all the good will possible. But neither can be done effectively in the way we are trying to do it. What is needed is: First, to call of these patronizing, self-advertising amateurs; second, to put an end to these ridiculous and repetitious "We-love-you-little-brothers" speeches; third, to see to it that all the American Ambassadors, Ministers and Consuls in South America are uniformly high-grade, competent men, instead of just most of them, as is now the case; fourth, to put this whole business of South American good will in their hands, packing them up in their practical recommendations and giving them enough money with which to operate. In this way, students of South American relations believe, we could get ten times the results at one-half the cost.

interventionists are still pro-intervention, but it embarrasses them to advocate intervention in partnership with Communism. American Communists are bothered, too. They've been trying to tie up our industries, to prevent 'em from helping the Axis against a totalitarian combination, with which the Communists were loosely allied. Now that the Nazis and Fascists have hopped Russia, where do these American labor agitators get off?

And our Dies committee's and FBI's anti-Communist activities? They're alright in digging up Nazi and Fascist agents in our midst, but they've concentrated especially upon Communists, but Herr Hitler's and Signor Mussolini's declarations of war against the latter have given the Russian bunch a certain sort of respectability.

The general verdict is that Adolf, in attacking Russia in violation of his pact with Moscow, essentially was after plunder; but that, incidentally, he deliberately

counted on gumming up public opinion in countries like this one. Cannibal as he is, it's widely recognized that he's clever.

Dispatches from Tokio, Chungking, Vichy and Ankara relate that these capitals are hopelessly disorganized. Japan's a traditional enemy of Russia's, but recently the pair framed up a rather friendly treaty, supposedly at Herr Hitler's dictation. Today he's at war with the Russians, the Japs are his axis partners. What about their pact with Moscow, which he inspired? Chinese Generalissimo Chiang Kai-shek, at war with the Mikado, has been getting lots of help from the Soviets. Can Moscow continue to send it, while fighting Berlin? If not, it'll all have to come from the U. S. A.—another load on us.

### Will France Revolt?

Nobody believes that the French, while beaten, are otherwise than bitterly hostile to Germany. Will they revolt if Herr Hitler gets up to his ears on his east front? Turkey's got a treaty with the Germans, but it's likewise friendly

with Russia and neutrality-bound with Britain. Treaties no longer are any good, anyway. Turkey's, with Germany, is a liability rather than an asset. Will the Turks stick to it if they can chuck it into the wastebasket? Little doubt's expressed that the Germans can beat the Russians wherever they meet in stand-up combat—superior discipline and equipment. But Russia's so big and so strong in numbers that many authorities believe it basically will hold out indefinitely—especially if it gets help from the democracies.

## Recipe for getting Extra Action out of thin air

IT'S a cinch to build an automobile engine that's either one thing or another.

You can go in for power — if you don't mind the gas consumption — or you can shoot for economy if stirring action doesn't matter.

What's tough is building a car with two good ideas under its bonnet — like this Buick Fireball straight-eight with Compound Carburetion.

One idea is that it doesn't make sense to use a big, gas-gulping carburetor for your easy-going travel when you need only a little one.

The other is that you might as well have plenty-power on call when you can get it practically out of thin air!

So this Buick has two smaller car-

buretors instead of a single middling-size to big one.

One of them frugally handles all your low-power, round-the-town travel.

The other swings in any time you press down the gas treadle — and gives more lift and wallop — by increasing the supply of air!

Results include: More horsepower — and gas economy running as high as 10% to 15% above previous Buicks, according to owners.

Interesting? Then better get prices and see how little it costs to get this extra action — plus extra room, extra size, extra comfort and extra style.

## Secretary Stimson Sees Maneuvers

Watches Blitz Methods In Tennessee War Maneuvers On Thursday

(International News Service) MANCHESTER, Tenn., June 27.—Secretary of War Henry Stimson roamed the battle front in an army "jeep" scout car Thursday while four divisions matched blitz methods in the final big day of the Tennessee war maneuvers.

Stimson left for the front at 5 a. m. to watch the grand finale of the war games—a full scale battle in the Coffee county hills between two regular army divisions and two infantry divisions supported by 100 tanks.

The secretary of war arrived Wednesday and was greeted at the airport by Brig. Gen. Lear and other military chiefs of the second army and was welcomed in town by military bands and flag-decked streets.

Thirteen tanks and the 129th Infantry band acted as a guard of honor on the march from the airport to army headquarters.

He was accompanied here by his aide, Maj. Eugene R. Harrison and Maj. General Robert Richardson, head of the public relations division of the war department.

While the stage was being set for the final battle, officers and observers from general headquarters were considering plans for the use of light commercial planes—inexpensive, easy to build and easy to fly—as behind-the-lines observers for artillery and infantry troops.

Preliminary tests revealed that the two-seat cabin planes—which would cost around \$2,000 each, can be turned out in mass production at the rate of 50 a day and flown by a pilot with only 10 hours, training are well suited to "hedge-hopping" reconnaissance work.

## Some Chatter From Camp East Brook

"Hurry up, girls, we have 'hostess skip' this morning." At the call seven girls rushed from "Harbor Cabin" to the dining room to assist "Greenie" in arranging tables for breakfast. At the same time "Twink" Bloom's cabin conducted colors in orderly fashion, despite the fact that the flag wouldn't go up. (A new one is on its way to camp).

Cabins were cleaned, porches swept, dishes dried, and everything in readiness for the 10:00 a. m. sing led by "Chirp" and "Pan". The girls then bounded into the main activities of the day. Those classified as beginning swimmers started volley ball activity with "Kit", while "Penuche" Gofjen introduced the intermediate group to the nature possibilities of the camp. Advanced swimmers took the first morning plunge and were put through their paces by "Splash" and "Peg". By 12:15 the three groups had covered the three classes and were ready for dinner.

The afternoon saw the beginning of handicraft work under "Twink's" direction. The cottage was active again with pitholders, pins, belts and bracelets in process.

Mystery surrounded the Wednesday evening fun period until 6:45 when the group gathered to follow the treasure trail laid by "Kit", "Twink" and the "Ne-shannock Cabin". "Peg's" poetry involved a lot of running, snooping and fun until Ann Miller discovered the treasure—a supply of marshmallows. The crowd proceeded to the camp fire to roast them and sing.

## Rebuilding Home Damaged By Fire

Work is now underway in rebuilding the home of J. Arthur Turek, on Fern street, Union township, that was badly damaged by fire sometime ago.

The second and third floors of the home are being completely rebuilt. Two adjoining houses were razed in the same fire.

## W. P. A. Employment Will Be Reduced

Western Pennsylvania County W. P. A. Rolls To Be Cut By 3,200 Persons

W. P. A. work in this community will be affected by the recent announcement of Lieutenant Colonel Philip Mathews, State Administrator of the W. P. A. that the Pennsylvania quota has been cut to 68,000. This is a reduction of 25,000 for the state. A year ago, the quota was 160,000.

Guy C. Cleaver, manager of the Franklin office of the W. P. A. announces that it will be necessary to reduce the number employed in the seventeen (17) counties, comprising the northwestern district of the state, by 3,200 persons. 2,600 men will be laid off on the construction projects and 600 persons on sewing and white collar work. Practically all projects in this community will be hit by the layoff. In many cases it will be necessary to suspend projects.

The Franklin office is attempting to rearrange their schedules, so that all work under way may be completed.

HITE BROS. OPEN  
MODERN STATIONSaturday Sees Unveiling Of En-  
larged Downtown Serv-  
ice Station

The answer to a motorist's prayer, that's the greatly enlarged, spit-and-span Hite Bros. Service Station which formally opens to the public at 117-119 North Jefferson street Saturday.

Within four years the station has grown from a small business enterprise to one which attracts scores upon scores of car owners every day. Hite Bros specialize in Mobiloil, Mobilgas and Mobil lubrication, and their expanded service equipment assures customers, old and new, with the finest of quality work.

Three brothers own the Hite Bros. business—Eddie, Paul and John. Eddie is the operating head, and sees to it that the customers get the very best in service and in quality products. Paul and John are located in Pittsburgh, but maintain close contact with the business.

Driveway space into the station, across from the station home, has been expanded. New wash and lubrication racks have been installed. The station, besides the oil and gas, specializes also in Exide batteries, Firestone tires, washing and polishing and Mobil specialties for the car and home.

## KIWANIS OUTING TONIGHT

Members of the New Castle Kiwanis club tonight will enjoy a stag picnic on the grounds of Camp Fred L. Rentz of the Y. M. C. A.

Pedestrian Is  
Hurt By Auto

Joseph Strawniak, age 59, of Wilson avenue extension, has a possible fracture of his left leg and body bruises having been struck by an auto operated by Patterson J. Baker R. D. 1, near noon yesterday. Strawniak is in the New Castle hospital. City police investigated the accident.

According to Patterson's story to police he was driving south on Moravia street at Mahoning avenue viaduct.

He claims an auto was driven from the viaduct into Moravia street and he had to drive his car to the right to pass the car.

Strawniak was crossing the street from the rear of the car and was hit with the left front fender of Patterson's auto, it was reported.

## Doyle Children Are Now Improving

Condition Of Boys Burned When Home Was Destroyed Saturday Much Better

Continued improvement is noted in the condition of the five Doyle boys, James, Paul, John, Robert and Howard, sons of Mr. and Mrs. James Doyle, who were rescued by their father from the burning Doyle home

in Pulaski township last Saturday morning, which claimed the lives of the parents and the two girls, Nora May and Betty Jane.

The boys are undergoing treatment in the Buhl hospital at Sharon where they were taken by their grandfather, Harry W. Root, after they had been tossed out the window of the home by the father, their underclothing ablaze.

They were given blood transfusions this week and all are now believed to be on the road to complete recovery.

The weakness of Democracy is not that it is dumb but that it takes so long to be smart.

## Radio Report Says Lvov Is Captured

(International News Service)

NEW YORK, June 27.—The Sydney (Australia) radio in a broadcast heard by NBC said today that German forces were reported without confirmation to have captured the city of Lvov in former Poland.

## Registration Of County Youths Is Set For Tuesday

All Four Local Boards In County Are Ready To Enroll Draftees

WILL REGISTER ALL WHO ARE 21

Registration of all youths who have attained the age of 21 years since October 16, 1940, and on or before July 1, 1941, will be conducted by the four local boards of Lawrence county on next Tuesday, July 1. All preliminary work to prepare for the registration having been completed by the boards, and all is in readiness, officials of the different boards stated today.

As was the case with the first draft registration, men who are residing in the county only temporarily will be registered at any of the local draft boards, and their cards will be sent to their home board as soon as the cards have been sorted. This work will be started by the Selective Service boards on July 2. On July 9, work of assigning serial numbers will be started. Amendments to the Selective Service regulations covering the induction of these youths will be sent to the local boards within the next few days, Dr. William M. Lewis, Selective Service director for Pennsylvania, announces. A second national lottery to determine order numbers for these new registrants will be held at a date to be announced later.

As has been stated previously, the hours of registration are from 7 a. m. to 9 p. m. at the headquarters of the local boards. In the case of County Board One, whose headquarters are in Room 4, Ellwood City postoffice, youths residing in the northern part of the county can register at the Volant National Bank, where one of the board members, Charles Brenneman, will preside.

A list of the districts and the headquarters for each is as follows: New Castle Local Board No. 1—Wards 1, 2, 3, and 6, headquarters in Union Trust company building. New Castle Local Board No. 2—Wards 4, 5, 7 and 8, headquarters in Public Assistance building, South Mill and White streets.

Lawrence County Board No. 1—Ellipton, Ellwood City, Perry township, Plaingrove township, Scott township, Shenango township, Slippery Rock township, South New Castle Boro, Volant, Washington township, and Wayne township, headquarters in Post Office building, Ellwood City, and Volant National Bank building.

Lawrence County Board No. 2—Bessemer, Big Beaver township, Enon Valley Boro, Hickory township, Little Beaver township, Mahoning township, Neshannock township, New Wilmington, North Beaver township, Pulaski township, Taylor township, Union township, Wampum township, and Wilmington township, headquarters in Lawrence Savings and Trust Company building.

## WILL ATTEND CONFERENCE AT PALMYRA, N. Y.

Elders Richard A. Sears and Charles E. Busath, traveling ministers of the Mormon church, will leave New Castle July 2, to attend a conference of the Eastern States Mission held July 11, 12 and 13.

The scene of the conference will be the "Sacred Grove" on the Joseph Smith farm near Palmyra, New York, where the Mormons believe that Joseph Smith received a theophany in 1820.

Elders Sears and Busath with 150 other missionaries of the Eastern States Mission will present the spectacular pageant "America's Witness For Christ," on three huge hillside stages on the slopes of the Hill Cumorah.

## Serious Crimes Show Increase

First Three Months Of 1941 Show More Major Crimes Than Year Ago

By WALTER LAFFERTY  
International News Service Staff

PITTSBURGH, June 27—According to reports received by the Federal Bureau of Investigation from police and other officials in 2,015 cities in the United States, crimes such as murder, rape, felonious assault, auto theft and larceny have shown an increase in the first three months of 1941.

Of the 211,301 crimes reported during this period, murders increased 15.4 per cent according to police in 349 of the nation's largest cities. Rapes increased 5.8 per cent and other felonious assaults 2.2 per cent. Two property crimes showed increases, auto theft 4.0; and larceny, 1.6 per cent.

Negligent homicide was 14.9 per cent. Less frequent during the period from January to May and other crimes that showed decreases from robbery, 6.3 per cent; and burglary, 3.7 per cent. The majority of negligent homicides were due to fatalities in which death was due to the culpable negligence of some persons other than the victim.

According to the reports, crimes occurring per unit of population vary with the size of the city and more noticeably, according to location. Factors affecting the amount of crime, according to the G-men are: Population of the city and metropolitan area adjacent thereto.

The composition of the population with reference particularly to age, sex and race.

The economic status and activities of the population.

Climate.

Educational, recreational and religious facilities.

The number of police employees per unit of population.

The standards of governing appointments to the police force.

The policies of the prosecuting officials and the courts.

The attitude of the public toward law-enforcement problems.

The degree of efficiency of the local law-enforcement agency.

It must be remembered, however,

the reports explained, that data compiled by different record departments operating under separate and distinct administrative systems show a variance in the extent of crimes.

If all the descendants of a single pair of house flies would reach maturity and if they were all gathered together at the end of summer, they would fill a space of about 250,000 cubic feet. A house fly may lay six or more batches of eggs in one summer, each numbering from 120 to 150 eggs. The eggs will hatch in warm weather

in from eight to 24 hours. In five days the insects are mature and ready to breed.

## Crime Cost Would Pay For Defense Babson Points Out

By ROGER W. BABSON

(Copyright—1941—Publishers Financial Bureau, Inc.)

BABSON PARK, Mass., June 27.

—This week I am writing on probably the most important subject I have ever covered in my column during its 21 years of continuous publication. After a thorough statistical study of the cost of crime, carefully checked with the Federal Bureau of Investigation and other government authorities, I make this statement. If crime committed in this country could be eliminated and government peace-time appropriations cut to what they were ten years ago, we could pay for our entire defense program with no increase in taxes and without the issuance of any additional government bonds. Naturally, this terrific annual crime expense of over \$15,000,000,000 could not be cut immediately, but enough of it could now be eliminated to go a long way in accomplishing the desired purpose.

Billions Spent For Insurance

Crime places a tremendous economic burden upon every community in which it strikes. There are both direct and indirect losses incurred from crime committed which must be considered in estimating any cost of crime.

The most tangible cost is the private losses in income due to annual premiums paid for insurance against criminal acts. This would include burglary, robbery, forgeries, auto thefts, and all other types of theft insurance. There would also be fidelity insurance which would include premiums paid on fidelity policies insuring banks, commercial firms, and private individuals against embezzlements, forgeries, and other defalcations by employees. Riot insurance would also come under this heading.

In the case of losses not covered by insurance, we must consider the direct losses suffered by private citizens from crimes against property which would include arson, malicious mischief, theft and robberies from railroads, express, and similar companies, which carry their own insurance.

Loss In Human Values

Losses due to crimes against the person such as homicides and wounding and sex offenses, form a large item in any tabulated cost of crime. In homicides, there is a direct loss to the community of the victim's services as a human asset and to the victim's family there is a loss of income. In wounding and mayhem, there is a resultant economic loss to the victim and cost of hospitalization, together with the loss of earning power to his family and to the community at large.

Under sex offenses would come prostitutes. Although it is quite possible to estimate the actual loss that might be incurred, still there

is bound to be an economic loss to the family of the prostitute as the earning power of the family is decreased thereby. Commercialized fraud, organized extortion, and racketeering losses due to the use of mails to defraud, cover a tremendous amount of the tribute paid by society annually in these phases of criminal activity.

35% Of Administration Taxes

The cost of administration of criminal justice is a large item in the cost of crime. This, of course, would include Federal, State, county, and city courts. The salaries of officials, guards, and other employees of penal institutions, reformatories, and asylums must also be taken into consideration and this, of course, would include Federal, State, county, city, and private. All of these costs are paid by citizens and amount to about 35% of our state taxes.

Private expenditures for protection against crime, such as most commercial companies have found necessary, must be considered in the cost of crime. This would include their own investigators, detective and guards, armored car service for the transportation of money and

valuables to and from banks and commercial houses, also certain auditors, bookkeepers, and overhead.

Private citizens suffer heavy losses as victims of gambling or other illegal enterprises, through the bribery of public officials and police officers. These crimes cause alliances to grow up between crooked politicians and organized racketeers and it is the citizen who must pay through taxes for any graft practiced by unethical officeholders and public servants. Another large loss is suffered by honest commercial firms when they are forced to pay tribute to one racketeering organization for "protection" from other racketeering organizations.

Over \$15,000,000,000 In All

Also in the category of indirect losses must be considered the earning power of criminals at large and the earning power of prisoners who are already incarcerated in the penal institutions. When we consider that all these have, to some degree, an earning power which has been diverted from the potential productive class to the "burden"

class to be taken care of through taxation, the cost of crime becomes stupendous.

On June 24, 1931, a report prepared under the direction of the National Commission on Law Observation and Enforcement entitled "Report on the Cost of Crime" was published and copies of this report can be obtained from the United States Government Printing Office. The footnote contained on page 70 of this report reflects an estimated cost of crime and mention is made of an article which appeared in the

New York Herald-Tribune of March 21, 1931, which estimated the cost of crime at \$18,000,000,000 per year. This is my solution for the tax problem, the government debt problem, and many other problems.

Senator Houston

Taken By Death

WASHINGTON, June 27.—Senator Andrew Jackson Houston, Democrat, Texas, 87-year-old son of the famous Sam Houston, died tonight at Johns Hopkins hospital in Baltimore after an operation for a stomach ailment, his secretary, D. R. Potter, announced here.

The eldest man ever to enter the United States Senate, Houston was appointed recently by Governor W. Lee O'Daniel of Texas to succeed the late Senator Morris Sheppard, who died April 9.

Lost Son In Disaster Of O-9  
Last Week—Sends Letter To President

(International News Service)  
SAN JOSE, Calif., June 27.—A heart-broken mother, Mrs. Amy Hendy of Mountain View, Calif., today protested to President Roosevelt the use by the Navy of obsolete vessels which she claimed caused the "needless loss" of her son, Marine Radio Operator Gaddis I. Hendy, aboard the ill-fated submarine O-9.

Mrs. Hendy's letter said:  
"Dear Mr. Roosevelt, commander-in-chief of the Army and Navy of the United States:

"I have been trying hard to understand why the catastrophe of the O-9 should have happened. Is it because the government, so involved in bigger problems, doesn't have time to attend to such details?"

"Surely an old craft that, according to a letter one son had written to his father, didn't stand the test in shallow depths, should not, even if repaired, have been sent on test in deep water."

"It can't possibly be that they place no value on the lives of our sons."

"And I gasped for breath when I saw it come over the teletype that this incident would not stop the use of other obsolesces. As a mother of one of those sons crushed at the bottom of the ocean, I beg of you to look to the safety of the sons on those other obsolesces."

"My son, Gaddis I. Hendy, explained the brevity of his last two letters to me by saying he was studying and working too hard to write much. He was in line for chief radio-man this fall and I take it this is what he was studying for. So far I have received no notice from the government of this incident."

"Gaddis was my only child and very, very precious to me. This incident of his being so needlessly lost to me, has taken so much out of me, I fear my own life will be of little further use either to me or my country."

"I pray that by the time Gaddis' son comes to maturity, that that kingdom will have come whose ruler,

by virtue of his infinite power and wisdom, will have time to regard even the life of the sparrow.

"Respectfully yours,  
"Amy Gaddis-Hendy."

CHICAGO, June 27.—Jobs paying from \$900 to \$1,500 a month went on the block in Chicago as W. G. Gollen of Transcontinental and Western Air, Inc., began interviewing experienced flyers willing to

ferry American-made bombers to England.  
Qualified pilots with a minimum of 600 flying hours will, if accepted, be paid \$1,500 a month, Gollen said. Co-pilots will be paid \$1,200 monthly, and navigators will get \$900. All also will be eligible for bonuses on completion of a specified number of Atlantic crossings.  
Gollen and other TWA pilots have been given leaves from their regular duties to interview and train applicants for Attoro of Montreal, the organization which handles the ferrying operations. Midwest applicants will be interviewed by Gollen today and tomorrow. Similar interviews will be held in other cities.

**Expelled Consuls  
Names Are Given  
South America**

(International News Service)  
WASHINGTON, June 27.—The United States government has submitted to the Latin American Republics a list of the German and Italian consuls and other nationals ordered expelled from this country, Acting Secretary of State Sumner Welles said today.

While Welles said the list had

been submitted merely for the information of the Latin American governments, it is understood that the move was intended to prevent the German and Italian nationals from proceeding to South America once they leave this country.

Assurances had been received from several of the Latin American republics that no visas will be granted to the axis representatives who must leave the United States before the middle of July.

**5. LOOK! BREAKS SMOOTHER—EASILY!**  
Notice the way the cake breaks—without knife or string! Just break Swan by hand and you'd think it was sliced; it's so smooth and even. No jagged, rough edges; no wasteful, crumbly surface. Here are two beautiful cakes, one perfect for the kitchen; the other swell for the bathroom!

**6. LOOK! SMELLS FRESH AS A DAISY!**  
Swan smells cleaner—refreshing as mountain air! Not strong or harsh—never stale or flat!

**7. FEEL HOW SMO-O-OTH IT IS!**  
Swan is smoother, finer-textured than old-type floating soaps. It's really more like finest toilet soaps.

**8. LOOK! MORE REAL SOAP FOR YOUR MONEY!**  
There's actually far less moisture in Swan than in old-type floating soaps. It's more real soap for your money. You don't have to store a supply to harden and dry out—as you've probably been doing with softer soaps. We harden Swan in advance.

**1. LOOK! SWAN'S WHITER! IT'S AS PURE AS IMPORTED CASTLE!**  
Pure? Why, you couldn't buy a purer soap! And Swan's as mild as imported castle. For baby's tender skin, for your lovely hands—Swan is gentle as can be. Ask your doctor about Swan's purity and mildness. He has the details in his medical journals.

**2. LOOK! SUDS TWO TIMES QUICKER!**  
Swan breaks into rich, creamy lather—two times faster than old-style floating soaps. Here are suds that last, too!

**3. LOOK! MAKES HARD WATER SOFT-HEARTED!**  
Come, all you hard-water sufferers! Swan gives you more abundant suds—creamier, richer lather in water "hard enough to cut diamonds!"

**4. LOOK! SWAN IS MUCH FIRMER! LASTS, LASTS, LASTS!**  
You know how old-fashioned floating soaps are often so soft you can push your thumb into the cake. Well—here's another surprise for you! *Swan!* It's more solid—harder by far than old-time floating soaps. Swan has far less moisture. It lasts and lasts. Swan won't warp, either.

**Save with SWAN SOAP**  
Does more work—costs no more!

## Urges "National Unity" Observance Of Fourth

By WILLIAM ZIMMERMAN  
International News Service Staff  
Correspondent

WASHINGTON, June 27.—President Roosevelt today prepared to lead "all Americans in unison—130,000,000 strong" in a national unity celebration of the Fourth of July, highlighting it with an address calling for more speed and sacrifices for the defense program.

Meanwhile, he will implement the forthcoming appeal for faster production of munitions by signing an executive order giving the OPM's priorities division legal power to back up its decisions.

The executive order will give Priorities Director Edward R. Stettinius, Jr., full power to establish priorities for all defense needs. It also will delegate to Federal Price Control Administrator Leon Henderson the power to allocate the ma-

terials left over to the many industries producing civilian goods.

According to defense officials, starting of the executive order means that Americans are approaching the time when they will be forced to do without many civilian and consumer goods because the raw materials are needed for defense production.

Many defense officials are of the opinion that civilian production should be cut sharply, through use of the priorities system, in order to bring home to Americans the facts confronting them.

Mr. Roosevelt is expected to follow the same theme in his July 4th broadcast. In a formal statement yesterday, the chief executive called on the nation to join under the direction of the office of civilian defense "in a grand rededication of liberty on the Fourth of July."

He said that "these are times in

another crisis in American life," and hours of "anxiety and peril."

Later, Mayor LaGuardia, of New York, who heads the office of civilian defense, disclosed that the president himself will make the keynote address of the day. LaGuardia also revealed that elaborate plans had been made for a nationwide Fourth of July celebration of "national unity." He made the following appeal:

"On this day at the same moment all Americans are called upon to renew their devotion to our country and American institutions. Exactly at the same split second the Star Spangled Banner will be played all across the country.

"This will be preceded by an address on the air by President Roosevelt. After the president's address, at all Fourth of July celebrations, or wherever Americans may be, at meetings, at ball games, seashores, farms, mountains or plains, tribute will be paid to the flag, while bands will play the Star Spangled Banner. Therefore, all Americans in unison, 130 million strong, will renew their pledge of allegiance."

The program will start at 4 p. m.

## Purer Sausage For Citizens Of State

(International News Service)  
HARRISBURG, June 27.—Pennsylvanians today were assured that the quality of the sausage they pur-

chase possibly will be of a better grade than before.

Under the provisions of a bill signed by Gov. Arthur H. James, it now is illegal for anyone to sell or possess sausage containing cereal, vegetable flour, vegetable products, milk powder or cracklings or sausage having more than three per cent ice or water content.

## Hagen Asks To Be Retired On Pension

James Hagen, for more than 20 years a police officer for the city, has applied to the City Police Pension board and city council to be

retired on pension. His request was referred by city council to the legal department.

Hagen recently recovered from a severe illness. Mayor Charles B. Mayne requested Hagen to secure a certificate of physical fitness prior to his return to the department. Since then Hagen made the request that he be retired on pension.

## Will Commandeer Transport Planes

U. S. To Take Over 24 Commercial Transports And  
Turn Them Over To  
Britain

By ERIC FRIEDHEIM  
International News Service Staff  
Correspondent  
WASHINGTON, June 27.—The Federal government is preparing to commandeer 24 American commercial transport planes and turn them over to Great Britain.

Officials aviation sources revealed that these airplanes will be taken from the principal airlines, including three trans-continental carriers.

A well-known air-line executive said the government is demanding that air transport companies release the 24 planes.

Although the O.P.M. and the war department are opposing any further reduction of American commercial air transport facilities, it has been decided to accede to a request by Britain for additional passenger aircraft.

Only recently, American air cruisers turned 20 of their planes over to Britain. At that time, British officials asked Washington for at least 50 ships. Several weeks ago President Roosevelt instructed Federal Loan Director Jesse Jones to survey private and commercial aviation facilities in this country to determine what could be turned over to the British.

Two contracts were awarded on Thursday by the county commissioners, one for painting some buildings at the county farm and the other for headstones for veterans' graves.

The contract for painting the farm buildings was let to W. S. McCaslin & Company at their price of \$840. The contract includes painting the farm house, recently purchased, the machine shed, the barn, the silo and the corn crib. With the exception of the house the buildings have never been painted before.

The contract for markers for veterans' graves was let to George Watters. For granite markers the price will be \$41.50 and for bronze markers \$37.50. These are the amounts the commissioners will allow for markers for the graves.

The formation of the Enon Valley-Little Beaver Defense Commission has been completed, according to County Controller Frank W. Hill, who is the secretary of the new County Defense Council.

On the council are Burgess H. Stricker as chairman, Dr. Otto Kessel, secretary and treasurer, Dr. E. Jackson and R. S. Hillman. All of these four are from Enon Valley. From Little Beaver township the members are Elmer P. Rader, who is chairman of the board of supervisors, P. A. Kenny, a supervisor, Ross Knowlton, president of the school board and A. F. Arnold, a well known farmer.

Arrangements have been made to organize Bessemer, Mahoning and North Beaver township into one joint board. Burgess Carl Montgomery of Bessemer will call a meeting to set up the council. Ellwood City and New Castle are expected to set up their council within a short time.

In the first floor corridor of the court house is a card announcing the centennial of the Princeton Memorial church which will be held at the church on July 4.

## GNCA Board Called To Special Session

A special meeting of the board of directors of the Greater New Castle Association will take place in Room 212 of The Castleton Wednesday, July 2, at 7:30 p. m. It was announced today. An urgent matter will come before the directors at that time.

## STEEL WORKER INJURES FOOT

George Ross, aged 24 years, of 103 Butler avenue, who is employed as a roller at the Elliott Brothers Steel company, suffered a broken bone in the right foot, Thursday afternoon, when a coil of steel which he was lifting, fell on his foot. He was taken to the Jameson Memorial hospital at 5:15 o'clock, where the injury was treated.

## New Wilmington News

### SERVICES AT PARK.

New Wilmington's union church services, beginning this Sunday and continuing throughout July, will be held at the Community Park, according to the local ministerium. Borough officials have gladly consented to the use of the park's facilities.

The meetings are to start at 7:30 p. m. and will be in charge of the young people of the three local churches.

This Sunday's congregation will be addressed by Rev. William Lloyd, pastor of the Leesburg Presbyterian church and the meeting will also include a fifteen-minute song service which will be led by Miss Marian Thompson, music teacher at East Brook high school. In case of rain the services will be held in the Ne-shannock Presbyterian church.

The New Wilmington Red Cross sewing unit has completed 1,870 garments since last October, according to an announcement made by

officials. The local group is headed by Mrs. J. B. Comstock.

The Quality Tool Corporation, a New Wilmington concern, recently received a certificate of honor for a perfect record in accident prevention during 1940. The certificate was signed by A. C. Hutchinson, supervising inspector, and Lewis G

Hines, secretary of labor and industry, and was presented by the department of labor and industry of Pennsylvania.

### COUNTY USO DID 'WONDERFUL JOB' SAYS NEW YORKER

Warm praise for "the wonderful job" turned in by Lawrence county for the United Service Organizations came Thursday afternoon from William A. Derstine, of New York, the U.S.O. director for Pennsylvania.

Derstine came here to personally congratulate the county drive chairman, Patrick J. Flaherty, president of Johnson Bronze Co.

Derstine and Flaherty together carefully checked over final figures of the Lawrence county effort, scheduled to be announced Saturday, and Director Derstine said: "That's a wonderful job. Your county is the first in Pennsylvania to double its quota. When all the figures are in, you'll be over the top by \$4,000."

The national office spokesman assured the campaigners here that New York has taken note of the "quick, successful campaign out here."

Last night Derstine spoke at a Beaver Valley U.S.O. rally in Beaver Falls.

### Two Young Boys Held For Murder

(International News Service) CHESTER, Ill., June 27.—Two 12-year-old boys, both of Chester, Ill., faced prosecution on murder charges today after signing written confessions that they had beaten 11-year-old Harry Knoke, Jr., and thrown his body into the Mississippi river.

The two boys, Matthew Vondrie and Barney Byram, were held in the county jail today. The murder charges were filed against them late yesterday. States Attorney David N. Conn said that the youths are being bound over to the grand jury.

The body of their playmate was found Wednesday at Neely's Landing, 40 miles south of Chester. He had been missing since Tuesday.

Service station operators and attaches should have a care, there's a sticker loose. He went to Zarilla's gas station in Mahoning avenue Saturday, told an attaché the proprietor had ordered some articles and that the proprietor had told him the attaché would pay for them. The attaché followed instructions. The proprietor upon learning of the occurrence summoned police who are conducting an investigation.

Chief of Police Willis G. McMullen, Thursday afternoon, instructed

Lieutenant James P. Steiner to have no parking signs installed on the north side of Grant street between Mill and Mercer streets. The signs are being installed today. This when done, will prevent parking on the north side of that street between Mill and Jefferson street and will benefit traffic movement.

A fire plug was struck by an auto at Spruce and County Line streets. Police have given fire authorities the name of the owner of the car which it was said struck the hydrant.

Police today turned over to the custody of J. M. Dunlap, juvenile court officer, a Lathrop street 16 year old boy who reportedly confessed stealing then repainting a bicycle. It was stolen from Cascade Park, last Monday.

John Pawlak, 21, Coudersport vicinity, was returned to that place yesterday to face a morals charge. He was arrested by local detectives Coudersport authorities took Pawlak to Coudersport.

## Soviet Shows No Enthusiasm Over U. S. Offer To Aid

By KINGSBURY SMITH  
International News Service Staff Correspondent

WASHINGTON, June 27.—Failure of the Soviet government to show a more enthusiastic and grateful response to the American offer of aid to Russia in its war with Germany is causing considerable interest in Washington today.

Some surprise is expressed in official quarters over the fact that Soviet Ambassador Constantin Oumansky, in his call on Acting Secretary of State Sumner Welles late yesterday, brought no response from Moscow to the American offer of aid and expressed no appreciation for it himself.

Oumansky merely notified the state department of what he described as Germany's "predatory" attack on the Soviet Union and accepted for transmission to Moscow Welles renewed expression of this government's willingness to give immediate attention and as favorable consideration as possible to any request for material assistance which the Soviet government might submit.

## Truck Strike Is Nearing End

(International News Service)  
PITTSBURGH, June 27.—"Trucks probably will be rolling today." That was the optimistic report from the front of Pittsburgh's four-week-old teamsters' strike in the wake of an appeal by the national defense mediation board to 2,800 strikers to go back to work pending a hearing by the board Monday.

At the same time the board instructed U. S. Commissioner of Conciliation John A. Moffitt to attempt to arrange a truce for the end of the strike because the walkout had led to "serious obstruction to the transportation of defense materials in the Pittsburgh area."

## Mild Earthquake Shock In District

(International News Service)  
PITTSBURGH, June 27.—A mild earthquake about 80 miles from Pittsburgh was recorded today on the University of Pittsburgh seismograph.

The quake began at 4:15 a.m. daylight time and lasted three minutes. Donald C. Bradford, director of the seismological station, described it as of "local importance." The tremor was not felt here.

Bradford said the quake was the nearest to this city ever recorded. Though mild, it was unusual for this district, he added.

# Parachute Army Used By Nazis Against Russia

(Continued From Page One)

dio said. But in the vicinity of Baranovitch, it was found necessary to draw back to prepared positions. The withdrawal was termed a "strategic retreat" in which ground was being given only inch by inch. Troops in the Minsk-Baranovitch area now are being "regrouped" for further action, it was said.

(International News Service)  
MOSCOW, June 27.—The parachute army which Germany borrowed from Soviet designs and used to crushing advantage elsewhere in Europe entered the campaign against Russia today.

Soviet military authorities claimed complete success in dealing with the air-borne troops, citing numerous instances where parachutists were killed or captured before being able to carry out their missions.

At the same time, the Kremlin announced new offensive actions by Red army troops in the field. In the Pruth river sector, a scouting force of Russian troops crossed the boundary line into German territory, capturing ten prisoners, a sub-machine gun and eight rifles.

Claim Tank Battle Successes

In its latest communique, the Russian high command claimed victories in tank battles which were described as "clashes between land battle-ships." Fragmentary information released during the day placed emphasis upon activity of German parachute troops, indicating that the Reich was reverting to this type of warfare in an effort to disorganize the Soviet lines and hurl spearheads deep into Russian soil.

At one point, according to the official Russian news agency Tass, German parachutists disguised in Red army uniforms were landed.

"Thanks to the valiance of our troops," Tass said, "the position of the perfidious enemy was exposed in time and diversionist groups were annihilated or captured."

"For espionage purposes," Tass said in another dispatch, "several groups of from four to six parachutists carrying portable wireless stations were landed on Russian soil."

Parachutists Caught

"All these parachutists were caught

by local residents and turned over to military authorities."

In every instance, military sources said German attempts to land parachute forces in sufficient strength to achieve the disorganization brought about in the lowlands, Greece and Crete, met with strong resistance.

Tass said: "For example, when the enemy was effecting a parachute landing in a small Ukrainian town, our men stationed nearby immediately attacked and exterminated all the parachutists at the moment of landing."

Military dispatches released in Moscow told of a spirited battle. A Nazi force in a spirited battle. A Soviet mechanized division opened fire on troops attempting to cross the Pruth river. During the engagement, it was said, Russian artillery destroyed three pontoon bridges and put six big guns out of commission. "The enemy was unable to set foot on Soviet land," an announcement said.

In the vicinity of Kufel, according to Tass, a Soviet infantry regiment was surrounded by superior forces.

"Acting skillfully," Tass continued, "our commander broke through the enemy's ring and led his whole regiment out of the encirclement, preserving all men and equipment."

Combat "Chute Troops

Military observers in Moscow conceded that Russia, as the original designer of parachute troops, should have the necessary knowledge to combat them.

Observers in Moscow recalled the day many years ago when during a gigantic military demonstration on an anniversary of the Bolshevik revolution, parachutists poured out of giant Russian transport planes be-

fore the startled eyes of diplomats and military attaches of every foreign government.

Hundreds of these air-borne troops were landed without casualty on October airport just outside of Moscow and for many days thereafter, correspondents here cabled to their newspapers and press associations full descriptions of how these troops operate and how important a part they would play in any new war.

Persons who attended that display in Moscow, therefore, were not the least surprised when Nazi Germany unleashed her parachute army against Holland and Belgium. Although claiming victory against parachutists and in tank engagements, the Kremlin admitted that German troops were on Russian soil near Minsk. The Red air force claimed crippling blows at the Rumanian oil center of Ploesti and the cities of Bucharest and Jassy.

## BERLIN REPORTS 28

PLANES SHOT DOWN

(International News Service)

BERLIN, June 27.—Twenty-eight Soviet war planes were shot down in a violent battle with the Luftwaffe in the Ruthenian sector of the eastern front, the German radio reported today.

## BATS FLY BY SOUND.

Bats, often described as the

world's first aviators, do it all by a "supersound" system, according to revelations made recently. They use a "supersonic system" whereby they emit hisses inaudible to the human ear, scientists of Harvard college told the association. These sounds reverberate from obstacles in the path of the flying bats and aid them in avoiding collisions.

Covering bats' eyes made no difference in their flight, the investigators revealed, but when their ears or mouths were covered their number of collisions increased greatly.

The name of the town where the Russian royal family was assassinated was changed from Ekaterinburg to Sverdlovsk.

### Local Residents Return Home From Annual Encampment

The following local people have just returned from the Gettysburg 75th annual encampment of the Department of Pennsylvania, Grand Army of the Republic and affiliated organizations:

Jessie Mayne, Florence Gillespie, Pearl Cook, Jessie Crooks, Florence Hoover, Anna Nolte, Susie Allison, Georgiana Walsh, Mary Kurtz, Bertha Daugherty, Aletha Baxter, Mr. and Mrs. Fred House and Jean Davis.

From the Louis E. Simon Women's Relief Corps, No. 11, the following received honors: Bertha Daugherty, who was elected junior vice president of Pennsylvania; Florence Hoover, elected delegate to the national convention at Columbus, O., on September 14; Aletha

Baxter, alternate. This corps was the banner corps of Pennsylvania, having received 27 new members. They were presented with a silk flag which was received by the president, Susie Allison. Bertha Daugherty was presented with a pin for securing the most members.

There were 1,900 in attendance at the convention, including three Civil War veterans, Messrs. Gabrio of Hazelton, Anderson of Washington, Pa., and Chapman of Pittsburgh.

### Two Ships Struck By British Bombs

(International News Service)  
LONDON, June 27.—Two ships were torpedoed when British planes of the fleet air arm attacked a convoy of 20,000-ton transports off the south coasts of Italy yesterday, it was announced today. One of the vessels also was hit directly by a bomb.

### Rally To Be Held This Evening In Gospel Tabernacle

Tonight at 7:30 o'clock, the seventh local rally of the Lawrence County People's Societies, Christian and Missionary Alliance, will be held in the Gospel Tabernacle, 210 Pearson street. The rally is being sponsored by the young people of the West Washington street Union Mission, where Henry Summers is pastor. Speaker for the evening will be Rev. Carl Hughes of Baden, president of the Beaver Valley Local Rally Association.

The Lawrence County Rally president, Rev. Russell Schillinger, has arranged for special musical numbers to be presented by young people from the district. Among the churches represented on the program are Hoover Heights, Castlewood and Pearson street church. Rev. Lester Bailey of Wampum will be song leader. Miss Pearl Gibbons will preside at the piano.

The Rally Group meets every two months in a different church of the district.

The late actress, Lotta Crabtree, is said to have been the wealthiest player in America. She left \$3,000,000, most of it to charity.

### Airlines Check Route Over City

Pennsylvania - Central Airplanes Will Begin Using New Ohio Airport Soon

One of the huge Pennsylvania-Central transport airplanes attracted considerable attention over the city Thursday afternoon. The ship was being used to familiarize the pilots of the line with the route to the new airport at Vienna, Ohio.

According to reports received here, the transports will begin service to the new airport on Tuesday of next week, and the big planes will go over the city daily on the Pittsburgh-Youngstown trip.

The plane seen here Thursday was doing a series of maneuvers including power turns, banks and climbing.

ALTOONA, June 27.—Long the mecca of thousands of tourists, the famous Horseshoe Curve area, located at Kittanning Point near here, is now being transformed into a municipal park by a crew of National Youth Administration workers under the sponsorship of the local parks department.

One of the larger construction units completed on this project by N. Y. A. boys was erection of a stone and timber tourist shelter. This is located immediately above the reservoir of the city's water supply and at the base of the curve. It contains rest rooms and other facilities for use by visitors to the widely known scenic spot.

## Seek Volunteers For Air Corps At Indiantown Gap

(International News Service)  
INDIANTOWN GAP, Pa., June 27.—U. S. army recruiting officers were working hard today at Indiantown Gap registering volunteers from the 28th division for transfer to the air corps.  
Lt.-Col. Frederick Schoenfeld, Philadelphia recruiting officer, said more than 200 members of former Pennsylvania national guard units had switched to the regular army air corps in answer to a call for 1,530 men to fill existing vacancies. Approximately 435 men—between the ages of 18 and 35—are expected to request the transfer. The vacancies in the division will be filled by late next month.  
Twenty volunteers have enlisted for the air base at Fresno, Calif., while other contingents will leave tonight.

**BLACKBEARD'S HOUSES.**  
One of the most interesting houses in America is one used as a dwelling in New Bern, N. C. It is an old mansion which is said to have been occupied by the famous pirate Blackbeard. It is referred to locally as his former "town house."

The first canal in the United States was built around the falls of the Connecticut river, at South Hadley Falls, Mass., in 1793.

## Fewer Germs In Air In Country Says Professor

(International News Service)  
STATE COLLEGE, June 27.—You may get ants in your food, or you may get stung by a bee while vaca-

tioning in the country this summer, but you will breathe in only one-fifteenth as many germs as you do in the city, according to Dr. Helmut Landsberg, assistant professor of geophysics at the Pennsylvania State College.

"There are nearly fifteen times as many suspended particles in city air as in country air," Dr. Landsberg said today. "And the number of germs varies in proportion."

The term of office of the president of France was for seven years.

# GRAND OPENING TOMORROW, SATURDAY

#### FRIENDLY SERVICE.

To the Hite brothers—Eddie, Paul and John—that two-word slogan has become as important a part of their business as the gas pumps or lubrication racks in their sparkling new service station opposite the American Legion home.

Moreso, we should say—for that's been the basis of their growing business since they opened the Hite Bros. station back in August of 1937.

Tomorrow, as they formally unveil the enlarged station, FRIENDLY SERVICE takes on new meaning.

While three brothers own the firm, just one, "Eddie" actively manages the station. He has surrounded himself with a competent group of assistants who know how to serve a car owner as a car owner likes to be served.

Paul—and they're all Senior high school graduates—is special agent at Pittsburgh for the Glen Falls Insurance Co., and John is the assistant manager of the Pittsburgh Life Underwriters' association. While they're located in Pittsburgh, both maintain close contact with New Castle. John is a past exalted ruler of the New Castle Lodge of Elks.

Tomorrow, new friends and old will drive into the station, maybe for a refuel of that snappy Mobilgas Special or maybe just to say hello to the brothers, whose one and only slogan has been and always will be:

*"FRIENDLY SERVICE."*

So, Mr. Motorist, SEE HITE, and your car will be right

### Turner Hopes To Beat Baxter

Claims His Punch Stronger Than Burks Which Floored Baxter

### MORAN AND LES LEASURE ON CARD

Russell Baxter, middleweight champion of Lawrence county's amateur battlers, is in the pink and on Monday night will step into the ring against Johnny Turner, a perit chap from Clarton. In fact, Mr. Turner's son John believes that he will pancake Russ long before the end of the third round.

He believes that he is a much better puncher than Mike Burke, who set Russell on in an Arena ring. However, Burke's wallop was not so lethally powerful to keep Baxter down. Burke got the decision. Later on, Baxter came back in a grueling fight to beat Lester Leasure and win the county title.

Time embroglio Monday shapes up as one of the best pugilistic meals the hungry fans could desire. Here is the card, so far arranged:

Frankie Moran, a knock-em-old lightweight, versus Melio Donelli of Niles. Moran's foe has fought consistently in every scrap here.

Lester Leasure, who lost a decision to Baxter for the county 160-pound title, vs Mike Burke who won over Baxter here.

Johnny Shar, Clarton, who rocked Frankie Moran in the first round of their fight, only to succumb to Moran's heavy right recently, Shar will take on Billy Boyle, an Ashabula 140-pounder.

Fleahy Rollin Horne of Niles, a popular amateur, will take on Jimmie Varkett of Ashabula at 135.

Andy Arrington, the string-bean colored lad of Clarton, who boxed a good fight with Eddy Bush recently, will meet Bob Colechi of Ashabula at 125.

Edie Varkett and Colechi will be appearing for the first time.

Other bouts are yet to be arranged.

There is being staged by the Lawrence County 160-pounder, A. C. for the benefit of the Lawrence County Veterans' Hospital, a boxing match between the air-cooled Arena will be a featured attraction.

Because the first half has not been completed due to teams having games to be played which will have a bearing on the winner of the first half, no first half winner was announced.

In fact, the winner will not be known until the postponed games have been completed. The race is hot between Ellwood City and Bessemer.

DRIVING PAYS. Jimmy Toomson, known as golf's longest hitter, is said to make more money these days winning driving competitions than he does out of purses.

### HERE AND THERE IN SPORTS LAND

Last two of eight bouts have been arranged by the Jefferson Athletic club for Monday night. They are Billie Booker vs. Pete Misto and Dick Rotach vs. Jimmie Streib. The first pair are welterweights, the second flyweights. Waza Waka was one of the longest priced winners of the meeting at Wheeling. She won the Betty Zane purse. Branca was second. Beta Ban, third. Queen Elizabeth scored her fourth victory yesterday. Byron Nelson is in hard luck. He broke his left third finger in closing an auto door at Toledo and may not be able to defend his National Professional Golfers association title at Denver July 7-14.

### Indies-Slovaks Battle Tonight

Indies Will Play Postponed Game At Clifton Flats, Moose At West Side

Two postponed city baseball league games are being played tonight, it was announced by Secretary Michael "Mike" Donovan. The feature game takes the Lawrence Indies to the Clifton Flats field to battle the Slovak Club, their natural rivals. The game starts at six o'clock.

Manager Johnny Russo will probably start Joe Wilk on the hill, with the Slovaks using Balla or Janoski. The Slovaks hope to upset the boys from Cedar street.

The other postponed game on the night's menu will take the Moose to the Lee Avenue field to meet the up and coming west side A. C. team. It will be Smith or Powell for the Moose and either Pyle or Knight for the Gilbertmen.

### Second Half Of County Loop To Begin July 2

President Alex Samuels of the Lawrence County Baseball league today announced the second half of the Lawrence County Baseball loop would commence July 2. A schedule is being arranged.

Because the first half has not been completed due to teams having games to be played which will have a bearing on the winner of the first half, no first half winner was announced.

In fact, the winner will not be known until the postponed games have been completed. The race is hot between Ellwood City and Bessemer.

DRIVING PAYS. Jimmy Toomson, known as golf's longest hitter, is said to make more money these days winning driving competitions than he does out of purses.

### Slovaks Defeat Elders 7 To 2

James "Shimmy" Balla Pitches Great Ball To Defeat League Leaders

James "Shimmy" Balla, ace of the Slovak pitching staff, hurled his typical fine game last night at Marshall field to drag the Elder A. C. team out of first place and deadlock them with the Lawrence Indies again. The score was 7 to 2. Balla was master on every inning but the fourth.

"Red" Bevan spoiled a shutout for Balla by crashing out a long homer in the last of the fourth with Davies on second. The Slovaks climbed on Witherow for three runs the first inning and he gave way to Faller who finished.

Heavy hitting for the Slovaks was done by Kriol, Mingione and Majeski, all with extra-base hits.

Tonight the Slovaks meet the Indies at Clifton Flats field. The summary:

### First Half Race Will End Tonight

City-County Independent Baseball League To Ring Down Curtain

City-County Independent Baseball league rivals conclude first half hostilities tonight, Cam DeLone, president, announced today.

As the teams move past the finish barrier, Pulaski's streamlined aggregation rules as king of the circuit. Pulaski has brushed aside everything that has stepped in its path. All told, Pulaski has dropped but one clash.

Games tonight: Pulaski at Civics, Ramblers at Deweys, S. Hills at Bush A. C., Shamrocks at Elder A. A.

### Russo Pitches One-Hit Game

Yanks Keep On Winning, Hold League Lead; Bobby Feller Hangs Up 16th Win

By PAT ROBINSON International News Service Sports Writer

NEW YORK, June 27.—You will have to go back a long time to find a season which has produced so much in-and-out pitching as has this one.

Our present crop of pitchers are good one day; bad the next. They are either turning in almost perfect classics or letting the hits run away up into double figures.

Yanks Win Again And only yesterday, Marius Russo, the Yanks' young left-hander, held the Browns to one hit to win, 4 to 1. Strangely enough, the lone hit was a seventh inning homer by George McQuinn.

Russo has tossed some sour games this season but his latest effort was a honey. Strangely, too, the crowd was more interested in seeing Joe DiMaggio and the Yanks continue their hitting streaks.

And speaking of in and out pitching, even the great Bob Feller is not immune. Any time Bob starts the other club considers itself lucky to get half a dozen hits. But yesterday the Red Sox tore into him with abandon and had him hanging on the ropes in the seventh when he had to be rescued by Clint Brown.

Bobby Doerr's three-run homer put the skids under Feller. Nevertheless, the Indians won, 11-8, and Bob was duly credited with his 16th victory.

Macks Beat Tigers Two homers by Bob Johnson, good for six runs, were more than enough to give the Athletics an 8-4 verdict over the Tigers. Those homers were Nos. 15 and 16 for Johnson and put him in a tie with Joe DiMaggio for round trip honors.

The Senators, who dropped a 13-inning 1-0 decision to the White Sox two days ago got revenge yesterday when they beat Ed Smith, White Sox southpaw, in 15 innings. 3 to 2. Carrasquel succeeded Chase in the 13th and was credited with the victory.

The only game in the National was at night in Brooklyn where the Dodgers gained a tie with the Cardinals for the league leadership by vanquishing the Bees, 11 to 2, on a 14-hit assault. Whit Wyatt held the Bees to five hits to register his 11th triumph of the season.

IS BIG AND FAST Frank McEvey, a youngster twirling with Evansville of the Three I league, is among the tallest pitchers in the business. He stands 6 feet 3 and has a world of speed. The Boston Braves expect to give the yearling a trial next spring.

CINCY HAS 'EM CINCINNATI—Of the 14 players who have made more than 200 hits in their first season with the majors two are now playing for the Reds, Lloyd Waner and Frank McCormick.

Umpire Al Barlick ranks as one of the youngest umpires in organized baseball. He's only 26.

### Bush Win Again; Defeat Ramblers

Bush A. C. rang up its fifth consecutive City-County Independent Baseball league victory, whipping the New Castle Ramblers, 6-3, Thursday night.

Van Dusen contributed the heavy hitting while Smith toed the rubber and fanned 10 Ramblers.

Score by innings: R H E Ramblers 101 061-3 5 3 Bush 114 00x-6 4 2 Batteries: Ramblers—Herno, Tartale and Byers; Bush—Smith\* and Schibik.

### Umpires Assigned For Loop Games

### Gerson Floormen Will Have Party

Jack Gerson, prominent local sportsman is getting ready today to show his basketball team Saturday night a "real" good time at his summer home near Wilmington Junction. The party will start about 8:30 o'clock. This is an annual affair held by Mr. Gerson in appreciation to his team.

Assisting Mr. Gerson with the details is Sam Frank, and he asks that any of the players without transportation call the Gerson store, 63, and ask for Mr. Frank.

The following members of the Gerson team will be present at the occasion—Coach Mike Kulick, Manager Walter Perch, Assistant Manager William Barbarowitz, Al Buc-ci, Rags Gennock, Nick Gennock, Al Farou, Harry Hordig, Peety Zingaro, Sammy Bullano, and Charles Abranski, the mascot, and Ray Price and Ed Richardson special guests.

Two of the Gerson players, who would be eligible for the party are now serving in Uncle Sam's army—Johnny Carik at Fort Jackson, South Carolina in the Army Engineering Corp and Johnny Cabas in the U. S. Air Corp.

Other special guests who are invited to the party as guests of Mr. Gerson are Joe Factor, Sid Lockley, Anthony Conn, Ray Wallace, Paul Morrison, William "Bill" Morrison and William Olson. Also present will be guests from Ellwood City, Beaver Falls and Sharon.

Umpire Al Barlick ranks as one of the youngest umpires in organized baseball. He's only 26.

### First Christians Are Champions In First-Half Race

Defeat Trinity 6 To 0 Thursday Night To Nose Out First Presbyterians

The First Christian church golf team captained by Eddie Long won the first-half championship of the New Castle church golf championship on Thursday evening at the Castle Hills course with a total of 39 points, two better than the First Presbyterian team, the 1940 champions.

Medalist last night was Joe "Sensation" Fisher with a sizzling 35 card, other low cards were turned in by Ernie Smith, 36; Buzz Jarrett, 37; Baum, 38, and Sam Lewis, 38. Jack Halabe won the Perelman golf ball for low net handicap of 33.

Results last night: First Christians 6, Trinity 0. First Presbyterians 4, Temple Israel 2.

Mahoning 5, First Methodists 1. First U. P. 4, Epworth 1. Highland 4, St. Marys 2.

Final first half standing of league follows: First Christians 39, First Presbyterians 37, Mahoning 36, First U. P. 33, Highland 29, Temple Israel 23, Trinity 20, Epworth 20, Methodists 17, St. Marys 10, Mont Magill, president of the church league, announced today that the matches next week will be played at the Castle Hills course on Tuesday night instead of Thursday, owing to the Fourth of July falling on Friday and a good many will want to go out of town Thursday afternoon or evening for the holiday. Also there will be a dinner-meeting in the form of a picnic by the church golfers on the night of Thursday, July 10, at the Castle Hills club house lawn.

EX-GROVE CITY STAR IN ARMY GROVE CITY, Pa.—Fred Busch, former all-around athlete at Grove City College, is in the army. Busch was taken from his duties as coach at Union City high school for a year in service. He was the first coach in this section to be called to the army.

### School Reunion On August 6 At Park

Expect Big Turnout This Year For Annual Mahoningtown School Outing

Plans are being made at the present time for the annual Mahoningtown school reunion, to be held on Wednesday, August 6, here.

A big turnout is expected for the outing and many out-of-town people plan to return for the event. The reunion will center about the school building on Cedar street, and the picnic will be held at Cascade Park.

R. M. Barnes, West Clayton street, is president of the reunion this year, and he and his committee are working out the various arrangements.

### Concert Tonight At Columbus Hall

First public concert for the local district will be presented tonight at 8 o'clock on the stage of the Columbus hall. The program will feature the Mahoningtown society, South Liberty street.

The open air program will feature music by the ping pong orchestra of the Columbus society, and a large crowd is expected to attend. Community singing will be included on the program and Harry Ross, well known local singer, will lead.

#### SEVENTH WARD PERSONALS

Mrs. Mary Gwin, of 610 Cedar street, is visiting friends in Wampum, for a few days.

Mr. and Mrs. J. A. Gerbiach, Cuyahoga Falls, O., plan to spend the week end at the home of Mr. and Mrs. Q. E. Davy, North Cedar street.

Mrs. W. C. Casto and William Howard, East Madison avenue, plan to visit relatives in Bradock, Pa., during the first part of the week.

Genevieve Moss, who is employed at Harrisburg, is spending a few days vacation at the home of her parents, Mr. and Mrs. W. A. Moss, North Liberty street.

### Camping Leader For Scouts Still Needed In District

Members of the Beaver Patrol of Boy Scout Troop 4, are still looking for a leader to accompany them on a camping trip this summer.

The boys have all their equipment ready for a big season, but fear they may have to call off the camping program due to the lack of a responsible person to act as a leader.

Persons interested in going along and living with the boys at their camp near Enon Valley for a week or two should contact William Weitz, 208 West Madison avenue, as soon as possible.

### ALEC PACELLA IS HONORED BY PARTY

A group of friends gathered at St. Margaret's hall, South Liberty street, Wednesday evening, for a party honoring Alec M. Pacella, who will leave Saturday for Fort George G. Meade, Md., to enter the army.

There were 100 people in attendance, and dancing and games provided entertainment for the hours. Several of the group made farewell talks during the event. Tony Frank, who is also leaving Saturday for the army, was introduced and he and the honored guest were presented with a number of nice gifts.

Refreshments were served by the following general committee: Florence Lombardi, Olga Lombardi, Emogene Perrotta, Patsy Donofrio, Nick Calvanese and Clem Pelosi.

### CIRCUS FIELD BALL GROUNDS REPAIRED

Services of the city employees and the city scraper were secured Thursday to put the ball field on the circus grounds at the corner of North Cedar street and Mahoning avenue, in condition for use this season.

Having been fooled in previous years, the team using this field waited this year until after the circus used the field before doing any work on it.

The city scraper also cleaned up the old straw and trash that was left on the field by the last group of show people.

#### HAND INJURED

John Dilley, aged 76, of 104 North Liberty street, was treated at the Jameson Memorial hospital at 1:20 o'clock this morning for a laceration of the right thumb, which was received when his hand was caught in the door of an automobile. He was able to be taken home after treatment.

#### CAR REPAIRMAN HURT

Louis Reno, aged 44, of 6 Mahoning avenue, a car repairman employed by the Pennsylvania railroad, suffered a contusion of the right foot when the trigger of an air-gun which he was using, dropped on his foot Thursday. He was treated for his injury at the Jameson Memorial hospital.

#### REPAIRING STREET

Repairs were made to North Cedar street, Thursday afternoon. Workmen applied black top patching material to the many holes and ruts that had developed in the street surface.

#### PICNIC TODAY

Members of the Young Peoples Christian Endeavor group are having a picnic this afternoon and evening at Cottage Grove.

### Vaughn Is Aiming At Wagner's Mark

PITTSBURGH — Arky Vaughn, Pittsburgh's crack shortstop, is aiming at a mark set up by Bonus Wagner.

In 1900, 1903 and 1908 the Flying Dutchman led the National league in three-baggers. Nobody ever led it four years in the whole 65 years of its history.

Wagner's triple record stood firm until Vaughn came along. Arky led in triples in 1933, 1933 and 1940. He's been placing the senior circuit three-bagger race all this spring. If he's still leading at sunset Sept. 28 they'll have to take Wagner out of the book in that particular place and put in Pittsburgh's present day shortstop.

#### TEAM IS YOUNG

CHICAGO—This year's Chicago Cub squad ranks as one of the youngest rosters to play major league ball. Eight men on the regular lineup average less than 25 years of age. Stan Hack is the granddaddy at 31. The pitching staff averages 29½.

#### BUNTING LESSON

Bunting a ball before it reaches the plate reduces the chance of fouling it off because it gives the batter a wider angle in which to "lay the ball down."

#### STEADY WORKERS

CHICAGO—So far this season, Chicago White Sox hurlers are starting and finishing three-fourths of their games.

#### INDIANA LAD

Buffy Silverstein, a current wrestling star, is a product of Indiana University. He tips the beams at 204.

#### VETERAN TEAM

Duke University's football team will be an experienced outfit next fall. All told, 21 seniors will grace the roster.

#### APPROPRIATE NAME

George Abrams, the middleweight title contender, was born on Armistice Day, 1918. Therefore, the fighter's middle name is Freedom.

#### PLAYS HANDBALL

NEW YORK—Sid Luckman, quarterback for the champion Chicago Bears, is de-larding by playing handball daily around New York.

### Wampum Beats Ellwood City

Wampum handed Ellwood City a setback, 5 to 3, at Wampum in a Lawrence County Baseball league game Thursday. Wampum scored five runs in the first two frames. Ellwood City got two runs in the fourth, rallied and got another in the sixth but could not score any more. Dombeck and Beatrice each permitted five hits. Cole hit a triple and a double. ## SPORTS WORLD RAMBLINGS

#### Sports Melody:

Fish in Canadian waters had better start scampering for dear life. Grover Washabaugh, Westminster's basketball-football coach, spearheads a party headed for the north-west today. Prof. Walter Biberich, Prof. Ralph Appleman and Dr. Don Matthews complete the party. The fishing expedition will last for three weeks.

Uncle Sam may break up a father-son combination at Westminster college. Bob Washabaugh, who performs on the Westminster basketball team coached by his dad, Grover C. Washabaugh, Jr., who is in the Navy Air Corps. Henry "Hank" Throop, Titan 1938 grid captain, will take the same exam. Throop hails from Bessemer.

Fearing that the "scoop" may not keep, we'd like to report a very premature basketball note. William Goldblum, South High (Pittsburgh) all-city high school center; Fred Ferry, Aliquippa's all-W. P. I. A. L. forward, and a lad named Gray, Akron, South all-Ohio center (he average 22 points per game last season), will basketball for Westminster college come the next bounce semester.

During the off season, Lester McCrabb, the Athletics' sterling twirler, operates an air-gun in a Coatesville, Pa. plant. Sunday afternoon employees from said factory will assemble to toss a party for the flinger at home plate, Philly . . . "Zeke"

Bonura has been assigned to Camp Shelby, Miss. (same quarters that house local 190th Field Artillery). Bonura has been named assistant to the athletic officer.

Umpires have a long way to go before they even come close to equaling George Hildenbrand's mark. Hildy wore the mask and chest protector in 3,600 consecutive tiffs. . . . Gene Desautels record of not having lost a game in which he caught this season, ended Wednesday. The Cleveland had won the backstop accoutrements in 15 consecutive triumphs.

Here's the most asked question during the past several weeks: "Did DiMaggio get a hit today?" Cletus (Boots) Poffenberger, baseball's champ screwball, is on the outs again. This time he has been suspended for 90 days. He tossed a ball at an umpire during the Nashville-New Orleans game. The ex-Detroit and Brooklyn twirler has been flinging for Nashville.

### Softball Card For Tonight

Five Lawrence county softball games are listed for tonight, with all games starting at 6 o'clock.

The Rads will go to the Hickory Heights field to play the Valentinos. The Donofrios will meet the Sunny Boys at Gaston Park. The Fannins go to the Mahoningtown Liberty street field to play the Columbus club. The Ellwood Sons of Italy will be at Dean Park facing the New Castle Sons of Italy. The Johnson Bronze goes to Ellport to battle with the Tigers.

ENTERTAIN KIDDIES  
CHICAGO — The Chicago Cubs

spread a lot of sunshine among kiddies during the summer season. Annually, the National league club entertained a quarter-million youngsters from all over the middle west. Sponsored groups under 14 years of age can enjoy a gala day at beautiful Wrigley field by simply writing a letter.

FORGET AND FORGIVE  
WASHINGTON—Fans in the capital city are ideal. They've already forgotten the drubbing the Redskins took last fall from the Chicago Bears, 73-0. Some \$56,000 worth of season tickets have been purchased for the coming campaign.

BEGAN IN 1934  
NEW YORK—Mike Jacobs, Mr. Boxing Himself, started promoting back in 1934 in New York. His first venture was between Billy Petrelle and Barney Ross.

### Farm Chores Aided Hubbell's Muscles

Carl Hubbell, one of the greatest pitchers in the history of baseball, attributes a lot of his success to hard work on the farm during his boyhood days.

The New York Giant flinger asserts that the tedious farm chores developed his pitching muscles.

"Many things a boy does on a farm help develop a ball player, such as milking a lot of cows, working in the fields, ploughing, cultivating and things of that sort. They strengthen the arms and legs and wrists," the great Huo says.
